AWESOME!!

Clarity, Competence, Consistency are needed today during this pandemic. I now have tools and resources for each component in order to make a positive and sustainable impact on my East Cleveland City School students.

Extremely powerful message.

extremely powerful stories and connections to ideas, when thinking about community building this is the video you need to watch

good information, but I was hoping for sample lessons without a commitment to purchase the program. However, this is so important on all school campuses. My campus uses character Strong type lessons once a week, but I wanted additional activities to implement into my classes. The information is still good and applicable from this session,

Great acts of character and humility!! Very inspiring!

Great session. My take away...separate the person from the behavior.

Great stories!!

I honestly was not thrilled at first to listen in on this session. Turns out this was one of my favorite sessions to listen to. I enjoyed the impact stories and the importance of creating a positive culture. So important to reach out to those students who are not immediately involved in the school.

John, this last virtual session was incredible! You have left me with an encouraging and challenging task. I look forward to investigating your resources. Thank you!

Love the story about Eric!!!!

This was a strong and powerful way to end INSPIRE2020. I absolutely love the Character Dare Challenges.

Very inspirational, I loved it.

Very powerful sharing points. I am forwarding this information to others in the corporation! I think this is what we really need right now in schools with all that is going on in our society and world! Great session, both stories shared by John brought a tear to my eye!

Very powerful! Thank you for sharing!
